

**UNITED STATES DISTRICT COURT
FOR THE DISTRICT OF COLORADO**

Civil Action No. 09-CV-00309 MSK-KMT

SUZANNE SHELL
Plaintiff

v.

AMERICAN FAMILY RIGHTS ASSOCIATION, et. al.

Defendants

NOTICE OF PROPER MAILING TO PLAINTIFF

Comes now, Suzanne Shell, Plaintiff, *pro se*, to provide this honorable court and parties with notice of proper mailing to me. I contend this is necessary because I have not received copies of any of the documents purportedly sent to me by the defendants in spite of their averments that they have sent me copies via the United States Postal Service.

1. I have already provided this notice to all defendants via email on March 7, 2009, with certified email return receipts indicating they received this notice.
2. The United States Postal Service will not deliver any packages or envelopes to my address that require a signature upon delivery because it would be a violation of postal regulations.
3. Senders wishing to use the USPS to send any material to me must waive any signature upon delivery requirement or the item will not be delivered to me.
4. Any material which the sender believes requires a signature upon delivery must be sent via another common carrier such as FedEx, UPS, DHL, etc. These common carriers will deliver items requiring signature upon delivery to my address.
5. I am amenable to receiving notices and other litigation related communication via email

at dsshell@gmail.com. I can open .pdf attachments. I am willing to respond to the sender affirming that I have received their email communication.

6. I do not have a fax machine or fax number to receive faxes.

I respectfully request this court to issue orders consistent with this notice to insure I receive all court and litigation related communications in a timely manner.

Respectfully Submitted March 20, 2009

/s/ Suzanne Shell
